GOLUBAC, VIMINACIUM AND LEPENSKI VIR

8.200 RSD per person

History lesson about the oldest urban settlement in Europe, medieval fortresses on the Danube, archaeological site from Roman period - Viminacium and the 5 million year old mammoth. Breathtaking view to the longest gorge in Europe is a must see!

Smederevo fortress - the biggest lowland fortress in Europe and last stronghold of medieval Serbia. **Viminacium** - one of the largest ancient Roman cities and military camps. Within the archaeological site there is a Mammoth park with spectacular skeleton of 5 million year old mammoth. **Golubac fortress** - medieval fortress, strategically located on the embankment of the Danube River where it narrows to form the Iron Gate gorge. **Lepenski Vir** - the oldest urban settlement of human in Europe! Chronology of Lepen Whirl is compressed between 9500/7200-6000 BC. The site consists of one large settlement with around ten satellite villages. Numerous piscine sculptures and peculiar architecture have been found at the site.
